

Athlon e-Invoice

Would you like quick access to your vehicle costs at any time? With Athlon e-Invoice your invoices are always digitally available: clear, direct and transparent.

Athlon e-Invoice

You must be able to view your vehicle expenses on a regular basis. To ensure that the right information is clear and available usually means a lot of paperwork. This costs you a lot of time. With Athlon e-Invoice, you have instant access to the information you are looking for. Athlon e-Invoice is a personal customer online page that provides a clear overview of your vehicle lease invoices at any time. You have easy, quick and safe access to your invoices, when and where it suits you best. Athlon e-Invoice ensures an efficient, effective and transparent invoicing process.

How does it work?

When you register via your Athlon Car Lease contact person you will receive a username and password. This will give you access to your own personal online pages on Athlon e-Invoice. There you will find all your invoices, including scanned appendixes. You will also receive an automatic email every time a new invoice is available for you.

Options

You will receive clear digital invoices in Athlon e-Invoice that include the total cost per cost area and a specification of the costs per vehicle registration number. Because every invoice has been archived, you can easily access old invoices and compare them to new ones. With one simple click you can search for invoices based on licence plate, date, or invoice number. You can view your invoices in HTML, Excel, or as a PDF. This also makes it possible to forward your invoices via email to a colleague.

Reliability and Safety

The information exchange with Athlon e-Invoice takes place in a secured environment. You decide who can access your personal pages. Furthermore, each invoice is marked with a digital signature. This ensures that the invoice complies with the law and is also in accordance with the requirements of the tax authorities.

Sustainable

Athlon e-Invoice doesn't only simplify your invoicing process; it also supports efforts to protect the environment. After all, your invoices are available digitally. We don't send the invoices by post and you print only the invoices that you need.

More information?

Would you like more information or would you like to see Athlon e-Invoice functionality 'live'? Please contact your account manager. You can also find information on Athlon e-Invoice on our website www.athloncarlease.nl.

What are the benefits for you?
