Vehicles with a clear history

All our vehicles are ex-lease vehicles and that offers many great advantages. We select the best vehicles from our fleet and sell them directly to consumers. These vehicles are always fully owned by the original owner. The maintenance history and the accident history are always present and we know who was driving the vehicle. You're always buying a vehicle with a clear history. Thanks to our professional approach we are affiliated with BOVAG (Association of Dutch vehicle dealers and garages). This means extra security for you when buying a used car.
